SANTA ANA, CALIFORNIA, WEDNESDAY EVENING, APRIL 7, 1915.

50 CENTS PER MONTH

20,000 Mexicans March to Desperate Border Fight

REAL BATTLE IS
PENDING NEAR
MATAMORAS

BATTLE WITH BAYONETS

WASHINGTON, April 7.—A real battle at Matamoras, Mexico, is about to be fought, according to advices received here today. Reinforcements are reported to have reached the Carranza garrison while General Villa's trains are nearing the scene.

Oregon, who is leading 20,000 troops northward, will make a special attempt to take Villa, dead or alive, it is reported.

Oregon and Villa expect to meet at Iquato and the result is expected to be a decisive defeat for Villa or to open the way to Tampico and Vera Cruz to him.

AVIATORS HALTED
IN ATTEMPT TO
FLY TO S. F.

SAN DIEGO, April 7.—Lieutenants T. F. Dood and Alva E. Baxter of the army aviation corps, started today in an attempt to fly to San Francisco in an army aeroplane. Weather conditions were unfavorable.

Slight damage to his propeller forced Dood to alight at Encinitas and return here. Dood was unhurt and his machine only slightly damaged.

He announced he will try again when the machine is repaired.

SCHOONERS IN PERIL
WASHINGTON, April 7.—Two unidentified schooners, one five-masted and one three-masted, are in distress on the North Carolina coast. It is impossible to give aid on account of the high seas. Coast guards today rescued the crew of the schooner Loring C. Ballard, in distress on the Gulf shoals.

MODOC COUNTY EXHIBIT
SAN FRANCISCO, April 7.—The Modoc county exhibit was dedicated today. Congressman Raker making the principal address. Rain interfered with the parade.

WILL PLANT TREES ON
TUSTIN SCHOOL
GROUNDS

At a conference of the Tustin School Board with County Forester Grant and A. E. Bennett of Tustin, member of the Board of Forestry, a plan for the planting of trees on the Tustin school grounds was adopted. A driveway will be made at the front of the school, both sides of which will be lined with coccinifera, a beautiful palm. These trees will be secured from Sherman Stevens and C. E. Utt, and will be established in boxes at the county nursery before they are planted. It will take about fifty of these palms to plant the grounds as outlined, and the school, which is one of the most beautiful in the county, will be given a driveway without a peer among the county schools.

At the rear of the building 100 Pitocarpus undulatum trees are to be planted, making a bank against the building. Ten eucalyptus trees now on the school grounds are to be cut.

MAYOR EY, BY PROCLAMATION SETS DATE FOR CLEAN-UP WEEK AS APRIL 19 TO 24

Today Mayor Ey issued a proclamation, proclaiming the week of April 19 to 24, inclusive, as Clean-Up Week in Santa Ana. The proclamation follows:

A PROCLAMATION

To the Citizens of Santa Ana:
At a regular meeting of the Board of Trustees of the City of Santa Ana held on the 5th day of April, 1915, I was instructed by said Board to issue a proclamation to the citizens of Santa Ana informing them that said board declares that a clean up season shall exist in the City of Santa Ana between the 19th and 24th days of April, 1915, in which all citizens owning or controlling lots in the City of Santa Ana will clean up said lots of weeds, also the sidewalk in front of said lots, with the view of making the City of Santa Ana clean and presentable to the strangers that come in our midst. I therefore proclaim the period of time from the 19th to the 24th days of April, 1915, clean up day and exhort the citizens of Santa Ana to heed this request of the Board of Trustees and co-operate with the city authorities in cleaning said city of weeds or any other object that will appear unsightly or undesirable.
Dated April 6, 1915.

FRANK EY, Mayor.

ENDORSEMENT OF M. & M.

At the regular meeting of the Merchants & Manufacturers' Association last night a resolution endorsing Clean-Up Week in this city was endorsed. Each member of the Association will be asked to personally see that his own property is properly cleared of weeds and other objectionable matter.

THIS SUICIDE DETAILS HOW HIS BODY IS TO BE BURIED, TREATED

No Sky Pilot, No Embalming,
No Services; Wants to
Be Cremated

SAN FRANCISCO, April 7.—In the will of Robert B. Budinger, an inventor, which has been filed here in the superior court for probate, appears the following list of directions for the disposal of his body:

"No coffin. Use wood slabs. No embalming. Cremate immediately without waiting for further instructions from anybody. No services. Do not ship body out of city. No 'sky pilot.' No prayers. Then forget me and think of the living."

Budinger committed suicide because one of his inventions was not a success.

'DRYS' GAIN WELL IN ELECTIONS IN 2 STATES OF EAST

SAN DIEGO, April 7.—Edwin M. Capps was elected mayor by close to 2000 majority over John S. Akerman yesterday's election. Major Herbert Fay was re-elected, and Walter Moore elected to the council. Cora G. Carleton was elected to the board of education. The proposition to abolish the saloon zone was defeated.

ST. LOUIS, April 7.—By a plurality of 25,000 the entire Republican ticket of twenty-eight aldermen were elected, according to latest returns today.

OMAHA, April 7.—The local "drys" and Charles J. Bryan, brother of secretary of State Bryan, are jubilant today over the result of the election in the state and in this city. A general "dry" victory is indicated in nearly all outside districts. Bryan was nominated to the city commission. He aspires to be mayor.

DETROIT, April 7.—Fourteen counties are claimed by the "drys" and two by the "wets" today, following the election yesterday on prohibition in sixteen Michigan counties.

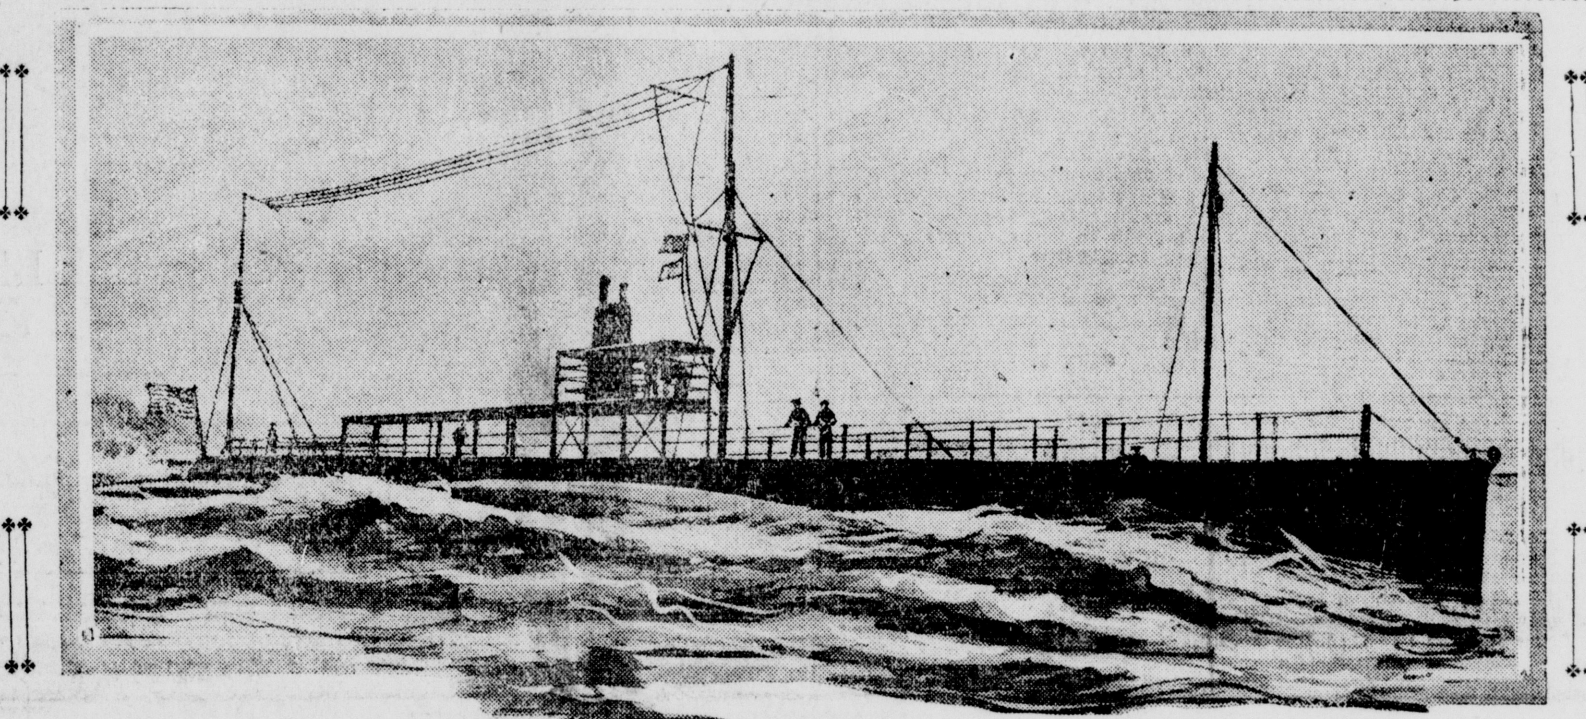

CHICAGO, April 7.—Carrying the entire Republican city ticket to victory with him, William Hale Thompson, Republican, was elected mayor of Chicago by a plurality of 130,000, according to nearly complete returns today.

Women voters had a big part in determining the final result.

THE ROAD BY EL TORO IS IN GOOD CONDITION

Supervisor Leck stated today that the road to San Juan Capistrano and toward San Diego through El Toro is now in good condition, and the supervisor suggests that automobilists may well take that road for a time in preference to the Laguna Beach road, upon which some work is being done.

HERE IS THE DESIGNERS' view of the greatest submarine the navies of the world have yet known, and it will be the property of Uncle Sam when it is finished in two years. Beside it the German submarines used in the present war pale into insignificance, and those being constructed at Kiel are of little consequence. She will be named the Schley, after the hero of Santiago. The craft will have a length of 265 feet over all, speed of 20 knots an hour, a displacement of 1,100 tons at the surface, and a cruising radius of 7000 miles. This will take her to Europe and back again without replenishing coal.

CRUELTY TO ANIMALS NOT TOLERATED, EVEN IF ANIMALS ARE WILD

Spaniards Fined by California
Judge For Torturing Live
Coyote Captured

STOCKTON, April 7.—Even new arrivals from Spain cannot torture animals indiscriminately, at least in San Joaquin county.

Justice Parker slapped a fine of \$50 each on G. Martinez and J. Belastugin, Spaniards who recently came to California, for scalping a live coyote, pouring kerosene on the quivering brute, and, after setting him afire, turning him loose.

The Spaniards explained to the judge that they had followed a custom common in Spain, where stockraisers treat in that manner animals that prey on their herds. The men live near Tracy.

ISSUE PERMIT TO BUILD THEATER ON FOURTH

Late yesterday afternoon a building permit was issued to the West End Improvement Company for the erection of the moving picture theater at the southeast corner of Fourth and Birch streets. The structure is to cost \$12,000 and will be built by Contractor A. C. Black, who was awarded the contract Monday night. Work on the building has already been started and it is hoped to have it completed in June. Plans were prepared by Architect J. Flood Walker. The theater has been leased to L. E. Schlesinger, now managing the Temple theater, who will install the latest motion picture apparatus.

ATTELL GETS CHESTY
PORTLAND, Ore., April 7.—Because he came near calling the turn when he predicted that the Willard-Johnson fight would end about the 25th round, Abe Attell, former champion featherweight of the world, is quite cheery today.

PREPARE FOR CONVENTION
STOCKTON, April 7.—Sunday school workers are busy today listing 1200 rooms which will be supplied free of charge to the delegates of the state Sunday school convention which will be held here next week.

GIRL DIES OF BURNS
LOS ANGELES, April 7.—Terribly burned a week ago while trying to save her baby brother and sister from a fire in the kitchen of their home, Catherine Williams, aged 8, died this morning.

GET READY FOR WAR IF YOU WANT PEACE, SAYS COBB

LOS ANGELES, April 7.—"I have seen much war. I hate war more than I hate anything else in the world. Yet I say the only way the United States can maintain her peace is to build the biggest and most powerful navy in the world, by erecting the biggest and strongest and most effective coast defenses on both the Pacific and Atlantic seaboard that money can buy, and by properly and adequately equipping the standing army. We cannot buy peace. We can maintain peace only by making other nations or any possible combination of nations, respect our national fighting powers."

So said Irving Cobb, the writer, today, before leaving Los Angeles for his home in Kentucky, following a stay in Southern California, where he has been resting since his trip to Europe, where he saw much war.

BANDIT ON TRIAL
CHICO, Cal., April 7.—With the defense promising sensational exposures George Sontag, the notorious bandit of the early days of California, went on trial today on a charge of conspiracy to defraud stockholders in the United States Feature Film Company.

MME CURRIE HURT
PARIS, April 7.—Mme. Currie, discoverer of radium, was slightly injured in an auto accident here today when her machine collided with a wagon and she was hurled into a ditch.

WOMAN GIVES LIFE TO SAVE HER EMPLOYER

PASADENA, April 7.—Little hope exists today for the recovery of Miss Jeanette Thomas, aged 50 years, housekeeper for Frank Seabert, aged 77, who was shot last night through the spine in an effort to save Seabert from Joe Zalac, a former employee of Seabert, Seabert and Otto Bonzell, another employee, are recovering from wounds which Zalac inflicted. Zalac is in jail.

CONQUERING HERO OFF TO DAZZLE THE STATES

HAVANA, April 7.—Jess Willard started for Key West today on a special boat loaded with promoters, trainers, movie men and camp followers. An immense crowd followed Jess to the pier. He was tendered a dinner and reception last night by citizens of Havana.

PHILOSOPHY WON LOVE, BUT DID NOT BRING SOUP BONE TO LARDER

Mrs. Gertrude Boyle Kanno
Tells How Japanese Husband
Lost Her Love

SAN FRANCISCO, April 7.—"His philosophy was wonderful; it won my love, but when we were married it failed to put bread on our table or even bring as much as a soup bone to our larder. I had to support the family."

This was the testimony of Mrs. Gertrude Boyle Kanno, nationally known as a sculptress, who is seeking a divorce from Takeshi Kanno, Japanese philosopher. She declared that her husband had not provided her with a square meal since their marriage in 1908.

Mrs. Kanno filed suit on grounds of cruelty and failure to provide, following her detention by the authorities at Los Angeles last month on complaint of her sister because of her confession of love for a young Japanese artist.

HARBOR BILL IS PUT THROUGH ASSEMBLY

Today Attorney Clyde Bishop received a wire from Assemblyman J. C. Burke at Sacramento stating that the harbor bill and its companion measures had been passed by the assembly and will now go to the senate. This is good news for the Newport Harbor boosters. The bill was prepared by Bishop, who is city attorney of Newport Beach. Under it the county or a part of the county can be formed into a harbor district and bonds voted and an executive board organized for the improvement of the harbor.

MOTHERS' PENSIONS
ALBANY April 7.—Before night-fall widowed mothers in the state of New York will be on the pay roll of the state. Governor Whitman expects to sign today the Hill-McCue bill, granting mothers pensions. The law will go into effect July 1.

THE WEATHER
FORECAST—For Santa Ana and vicinity: Cloudy tonight Fair Thursday; light west winds.

SENATE TO PASS MEEK CONVICT LABOR BILL, OUTLOOK

SACRAMENTO, April 7.—Indications in the Senate today pointed to the successful passage of the Meek convict labor bill.

When the measure came up for second reading it was sent to the final passage calendar without the suggestion of an amendment.

The House fought the bill at that stage, and it is believed there will be some opposition in the Senate to the bill, but not as severe as in the House. The Senate passed the Ryan bill, placing a legal ban on a patent wire tapping apparatus to prohibit stealing telegraph and telephone messages. Present laws cannot convict when this ingenious instrument is used, because it does not actually connect with the wires.

The Senate acted favorably on the Assembly resolution asking Congress to investigate the unemployed problem and adopt measures to solve present conditions.

IF AT FIRST, ETC.
LOS ANGELES, April 7.—George W. Studley, aged 94, secured a license today, to marry Mrs. Mary Gilbert, aged 79, sister of his second wife. This is Studley's fourth and Mrs. Gilbert's fifth marriage venture.

TEAM RUNS AWAY
A shoot of steam from a passing engine caused a team owned by the Santa Ana Commercial Company to start on a run yesterday afternoon from East Fourth street near the ice plant. The horses cut corners and broke the speed law until they reached a point out on Grand avenue, when they turned and were proceeding calmly toward home when they were stopped. The only damage done was to a corner of an S. P. fence when it was struck by a wheel.

BRAWLEY-YUMA ROAD COMPROMISE REACHED

REDLANDS, April 7.—A telegram has been received from Senator Lyman M. King, who is now at Sacramento, saying that a compromise has been reached in the fight over an appropriation of \$200,000 for the building of a section of the ocean-to-ocean highway in Imperial county whereby the Brawley to Banning road will receive \$100,000 and the Yuma to El Centro road \$100,000.

The compromise was reached after a long discussion and the decision to split the \$200,000 appropriation was reached only after a deadlock was practically certain.

BRITISH CAPTAIN REFUSES AID AS HUNDREDS DIE WHEN DIVER SINKS SHIP

BERLIN (by wireless to London), April 7.—The war office announces the annihilation of three entire battalions of the enemy. Two French battalions are reported destroyed at Verdun and one Russian at Andrevu. Many prisoners were taken.

The war office admits the village of Drei Grachten on the Yser canal, was evacuated because it was being battered to pieces by Belgian artillery.

The most desperate fighting since the German advance on Paris is now in progress east of Verdun and about St. Mihiel.

At Pont-A-Mousson crack French regiments are hurling themselves against the German lines with reckless daring and terrible losses.

The Germans are holding the lines at all points.

One desperate attack is particularly noted in the war office statement.

The Thirteenth French infantry attempted to storm two German blockhouses by direct assault, and the Germans emerged from their trenches and met the French in the open with bayonets.

A Titanic struggle followed, the French being repulsed with heavy losses.

NEW YORK, April 7.—After sailing within fifteen miles of the sinking steamer Falaba, which was lost within a hundred yards after being torpedoed in the North Sea, the White Star liner Cymric arrived today.

Captain Beadell admitted that he received the Falaba's wireless for aid, but ignored it on account of specific orders from the British admiralty against going to the aid of any torpedoed ship for fear the rescuer would meet the same fate.

He said he was compelled to let the hundred people aboard the Falaba drown rather than risk the lives of his 345 passengers.

LONDON, April 7.—The admiralty officials today refused to comment on the recent Berlin report that the battleship Lord Nelson has been sunk in the Dardanelles. Persons close to the admiralty say the report is baseless.

ATHENS, April 7.—A steamship flying the Persian flag and laden with a big cargo of miscellaneous supplies from the Bulgarian port of Dedeaqatch has been captured and taken to Alexandria by British cruisers of the Egean Sea fleet, according to a report here today.

PETROGRAD, April 7.—Reinforcements have reached the Austro-Germans in the Carpathians and fighting at Beskid and Ranges is raging today with renewed fury, according to advices from the front.

Field Marshal Von Hindenburg has sent a group of his most trusted officers to the scene to direct the operations of the Austro-German armies. The Russians are pouring through Rostock Pass, the latest position captured by the Slavs.

AMSTERDAM, April 7.—The German admiralty admitted today that submarine U-29 was sunk March 26.

PARIS, April 7.—The allies have made gains at both ends of the long battle line in the western theater of war, according to the French statement today.

In West Flanders the Germans who crossed the Yser and took a position at Die Grachten, have been dislodged by the Belgians.

In the Woerwe district, between the Meuse and Moselle rivers, the French

[CONTINUED ON PAGE 8]

BULLETIN

SAN JUAN DEL SUR, Nicaragua, April 7.—A revolt is raging in the department of Ewel. Troops have been sent from here today to restore quiet.

'BIG NOISE' WILL BE AFFAIR OF SURPRISES

Elks Try to Shroud Details Of Big Show in Mystery But Truth Will Out

In spite of the fact that the local lodge of Elks has succeeded in keeping dark most of the details of the various stunts that will go to make up the "Big Noise" entertainment to be given at the opera house tomorrow night and Friday night, certain rumors are floating about and refuse to be downed. This is not strange, when it is known that there are 100 children in the big entertainment in addition to a great array of older amateur and professional singers, dancers and comedians. No matter how much secrecy the Elks try to keep it is a foregone conclusion that a few leaks are bound to occur.

Last night the "Big Noise" was rehearsed at the opera house. The rehearsal was the first to have been held in costume.

From what could be learned today of this first dress rehearsal the "Big Noise," when the curtain is hoisted for the first show tomorrow night, will be just a trifle noisier and noisier and a great deal more successful than any Elks' entertainment ever given anywhere.

Details
In characteristic fashion the Elks have provided a show that will be an absolute knock-out. They have tried to keep the whole affair shrouded in deep mystery, intending to spring the whole entertainment as a big surprise. However, as before stated, the eager public has made numerous inquiries, with the result that some of the more important plans have become known. Still, the general effect of the show will be surprising. That is the happy Elk faculty—to give each one his money's worth and quite a lot more.

It has been learned that the term "Big Noise" was devised to cover a sort of tremendous jumble of stunts and turns combining musical comedy, minstrel and cabaret.

William F. Menton, one of Santa Ana's best known amateur performers, whose performance as "Larry Glass," the trainer, in Going Some, a number of years ago, made a great hit, has

CHAS. P. MATTERN, FOR CLERK, HAD CLERICAL EXPERIENCE EAST

George B. Prather, of Tustin, who formerly conducted a wholesale tea, coffee and spice business in Philadelphia, and who is a close friend of Chas. P. Mattern, candidate for City Clerk, offers the following recommendation as to Mr. Mattern's qualifications for the position:

To the Voters of Santa Ana:
You probably do not know that Chas. P. Mattern, candidate for City Clerk, was associated with one of the largest railway corporations in the United States (The Pennsylvania Railway Company), at Philadelphia, for three years, as a clerk in the Trace and Claim department, and that he held a clerical position in the office of the United Steel Corporation

(Mill Order Department), in the same city, but I do know that such is the case and can vouch for same, as I was a resident of Philadelphia at that time.

Mr. Mattern came to Santa Ana twelve years ago, expecting to follow the same vocation, but being unable to find any opening in that line fell back to the trade he learned when a boy (painter and paper-hanger), which trade he has successfully pursued up to this time.

In supporting his candidacy you will make no mistake as I consider him thoroughly competent and trustworthy.

Yours truly,
GEO. B. PRATHER,
Tustin, Calif.

been assigned the post of interlocutor in the minstrel department of the "Big Noise."

Local Stars May Be in It

Several who are not actively taking part in the "Big Noise" succeeded in getting by the stage door-keeper last night and these are disseminating a number of highly interesting reports today.

For instance, they say that Harry Shisler, otherwise known as "Luke McLuke," promises to be a sensation from start to finish as the Dutch proprietor of the cabaret. The way that "Luke" butchers the language would

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime pack of Dr. James' Headache Powders.

You can clear your head and relieve dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

Then why pay the same and carry your goods home? Are you not simply adding to some one's profit at the expense of your time, labor, and trouble? Why not trade where you can get ACCOMMODATION for the same money? We deliver free, \$1.00 orders, sugar excepted.

The Basket Grocery

Fifth and Main. Both Phones.

make Lew Fields, Gus Williams and Clarence Kolb turn green with envy. Again, for instance, there is Irwin "Doc" Barnes, who, with Fred Chapman, will do a blackface singing and dancing turn. Several years ago "Doc" went into the furniture business at Anaheim, and the professional stage lost one of the best negro delineators.

Burnt Cork

"Doc," though he has been devoting his time to selling rockers and dressers and linoleum, has kept his hand in the burnt cork more or less and has lost none of his old-time cunning at making people laugh with his witticisms and singing. The man who watched Barnes' work last night at the dress rehearsal swears that McIntyre and Heath, George Evans, Billy Van and Lew Dockstader never did anything more side-splitting than what "Doc" will do tomorrow and Friday night.

Miss Marie Harris is rapidly putting the finishing touches on a neat and fetching sourette turn that is certain to captivate. She sings daintily and has perfected a charming little dance.

Miss Emily West leads a sextette composed of Misses Marie Harris, Margaret and Miriam Flagg and Messrs. Edward Lee, Robert Munger and George West.

Santa Anans are eagerly awaiting the opportunity that the Elks entertainment will offer them to hear the superb soprano solos of Miss Virginia Goodsell.

Professionals

Miss Goodsell has an enviable reputation as a singer, not alone in Los Angeles, but in other Southern California cities as well. Her work has a charming and delightful finish.

Ralph Wray, a veteran of the stage, will entertain with a number of character dances. Wray's work is of the kind that would cause nothing but the most favorable comment in the largest theaters of the country.

In addition to taking part in the sextette, George ("Pete") West, plays the part of a minister in the "Big Noise." He leads a "purity squad," composed of Misses Jess Barrett, Grace Harding and Ruth Firestone.

Another turn that is bound to please will be given by a quartette composed of James Vance, Arthur Utter, Arthur Shipley and Frank Stewart.

Kewpie Family

Considerable speculation is rife as to what the Kewpie family will be. Not much is known about this turn except that Sam Stein will play the part of Father Kewpie, C. S. Kelly, Mother Kewpie, and Baby Prather, the "Real" Kewpie.

R. C. Peterson will play the part of the head waiter. Charles Mitchell plays the part of a man who has looked somewhat too long and lovingly upon certain liquids of an intoxicating nature.

The seat sale for the "Big Noise" has been such as to exceed the most sanguine expectations of local Elks. Owing to the fact that all the best seats for the two performances have already been sold and because of a desire on the part of the Elks to give only the two shows the scale of prices has been set at 25 cents, 50 cents and \$1.

Rheumatism Yields Quickly to Sloan's
You can't prevent an attack of Rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the sore joint or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot, tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c of any druggist and have it in the house against Colds, Sore and Swollen Joints, Lumbago, Sciatica, and like ailments. Your money back if not satisfied, but it does give almost instant relief.

"The Store of Certain Satisfaction"

GARDEN GROVE ARRANGEMENTS MADE FOR MEETING OF BAPTISTS

GARDEN GROVE, April 7.—Mrs. Z. B. West, president of the Woman's Baptist missionary work for the Santa Ana Valley association was in Garden Grove Friday afternoon accompanied by Mrs. Garnett, Mrs. De Wolfe and Mrs. Walker. Mrs. West came to arrange for the annual meeting, which will be held in the First Baptist church of Garden Grove the first Wednesday in May.

Mrs. W. H. Reed of Sixth street reached her seventy-ninth milestone Monday, and her daughter, Mrs. G. F. Crane, wishing to surprise her, invited her grand-children, neices and a few of her old Nebraska friends to 1 o'clock dinner. Mrs. Reed sat at the head of the pansy-decorated table and cut a beautiful birthday cake, a gift of her grandson, Lloyd Crane, of Los Angeles. Eighteen were seated at the table. Only a small part of Mrs. Reed's grand-children and great-grand-children could be present.

After dinner music and conversation were enjoyed. Those present were Mrs. W. H. Reed, Mr. and Mrs. G. F. Crane, Mr. and Mrs. Wells, Mrs. Mott, Mrs. Fred Mott and Miss Lila Crane of Garden Grove, Mrs. Beam of Gardena, Mrs. Roy Crane, Mrs. Lloyd

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of Wyeth's Sage and Sulphur Compound at any drug store. Millions of bottles of this old, famous Sage Tea recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one of two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Advertisement.

Crane and children of Los Angeles, Mr. and Mrs. Croch and Mr. and Mrs. Harris of Long Beach, Mr. and Mrs. Everett Crane, Mr. and Mrs. Butler of Santa Ana.

The supper and social given at the Y. M. C. A. on Friday evening was a very pleasant occasion. The food and service were excellent and the prices less than right, and all voted the ladies fine cooks.

After supper the young folks enjoyed a game of basketball while the older ones had a good visit.

After the tables were cleared away there were games and music and a general good time. It is hoped that the Ladies' Home Missionary Society and the Epworth League will join hands and hold another affair again before long.

Mr. and Mrs. O. Smith and family of Florence spent Sunday with Mr. and Mrs. L. Beardsley.

Miss Esther Hedstrom spent the week-end with Miss Susie Weisser of Long Beach.

E. A. Preston, who has been visiting friends at Porterville for two weeks, returned Saturday evening.

Mr. and Mrs. Fowler of Santa Ana spent Sunday with Mr. and Mrs. T. E. Niles.

Mrs. Henry Reed and her daughter and son-in-law, Mr. and Mrs. Ralph Reynolds, of Pomona, spent Tuesday at the Crane home.

Mrs. Roy Crane and Mrs. Lloyd Crane of Los Angeles spent Sunday and Monday with Mr. and Mrs. Crane. T. E. Niles is treating his house to a coat of paint. This makes a great improvement.

Mr. and Mrs. W. D. Junkin and family motored to the G. and L. oil lease Sunday morning after service. They enjoyed a turkey dinner with Mr. and Mrs. Albertson.

AS EXPLAINED BELOW
SEVEN SONG BOOKS IN ONE

COLLEGE SONGS OPERATIC SONGS

SIX OF THESE COUPONS

Entitle the bearer to a choice of either of the beautiful song books described below when accompanied by the expense amount set opposite the style selected, which covers the items of the cost of packing, express from the factory, checking, clerk hire, and other necessary expense items.

"SONGS THAT NEVER GROW OLD"—ILLUSTRATED

A grand collection of all the old favorite songs compiled and selected with the utmost care by the most competent authorities, illustrated with a rare galaxy of 69 wonderful portraits of the world's greatest vocal artists, many in favorite costumes. This big book contains songs of Home and Love; Patriotic, Sacred and College songs; Operatic and National songs—SEVEN complete song books in ONE volume. Present SIX coupons to show you are a reader of this paper and

89c for the beautiful English cloth binding
Same contents in paper binding, 59 cents.

We strongly recommend the heavy cloth binding, as it is a book that will last forever.

Mail Orders—Either book by parcel post, include EXTRA 7 cents within 150 miles; 10 cents 150 to 300 miles; for greater distance ask postmaster amount to include for 3 pounds.

IDLE MONEY MADE TO EARN

GOVERNOR TAKES DRAGNET FIGHT UP WITH THE COMMISSION

In response to the appeal of Orange County people who are making a fight to put a stop to the devastation of Orange County coast waters through the operation of dragnets, Governor Johnson has taken the case up with the State Fish and Game Commission. In a letter received by J. P. Baumgartner, the governor states that he has sent Mr. Baumgartner's letter, together with one written by Victor Walker to Mr. Baumgartner, to the Commission, and the governor further states that he hopes for early remedy in the matter.

With the letters that have been written and the publicity that has been given to the dragnetting in the coast waters, there can no longer be the slightest question but that the Fish

and Game Commission and its employees in this end of the State are fully acquainted with conditions along the Orange County coast. The San Pedro fishermen are still making their daily visits to the coast, and it is the belief of Orange County fishermen that nothing short of vigorous prosecution on the part of the State officials will have any effect upon their operations.

GIVE EXAMINATION FOR POSTMASTER AT MISSION TOWN

The United States Civil Service Commission announces that on April 24 an examination will be held at Santa Ana, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth-class postmaster at San Juan Capistrano, and other vacancies as they may occur at that office, unless it shall be decided in the interest of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$521 for the last fiscal year.

Age limit, 21 years and over on the date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the postoffice for which the examination is announced. The examination is open to all citizens of the United States who can comply with the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at San Juan Capistrano, Calif., or from the United States Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the commission at Washington at least seven days before the date of the examination, otherwise it may be impracticable to examine the applicants.

WHEN YOU TAKE THAT TRIP

Be it to the big exposition, the seashore, or the hills, see to it that you have the right sort of luggage.

At this store you are assured of a dollar's worth for a dollar. We sell the famous

M. C. LILLEY

Suit Cases and Traveling Bags.

Full leather Suit Cases, strong, durably made, at \$5.00 and up.

PRESIDENT REBEKAH ASSEMBLY HONORED AT LOS GATOS

LOS GATOS, March 27.—The Rebekah school of instruction for District No. 3 was held in Los Gatos Thursday, March 25, conducted by Mrs. Fannie M. Lacy, president of the Rebekah assembly, I. O. O. F. of California. There was a good attendance from each of the lodges in the district. Officers and members were present from Josephine Lodge, No. 14, and Stella Lodge, No. 22, of San Jose; Clara Lodge, No. 34, of Santa Clara; Philotesian, No. 145, of Cupertino; Ada, No. 223, of Campbell; Saratoga, No. 337, and Hesperian, No. 79, of Los Gatos.

The all-day meeting was held in the I. O. O. F. hall, which was beautifully decorated for the occasion in green and pink, the colors of the order. The feature of the decorations was the name of the president, Fannie Lacy, which is dear to the hearts of California Rebekahs, done in smilax and pink flowers and suspended above the station she occupied. The meeting was interesting and instructive and many questions relative to the work of the order were answered in a most efficient way by Mrs. Lacy. A letter from Mary E. Donoho, secretary of the assembly, regretting her inability to attend, was read.

Lunch was served in the W. O. W. hall at the noon hour, each lodge providing part of the refreshments. At 6:30 o'clock Hesperian lodge of Los Gatos invited all to the W. O. W. hall once more, where a most delicious banquet was served, covers being laid for 125. In this hall the color scheme was that of the state flower and the beautiful golden poppy was used in profusion on the tables. Brown baskets piled high with oranges made effective centerpieces, while overhead a canopy of greenery from which golden butterflies and golden pennants, with the word "Lacy" in black letters, fluttered and swung with every passing breeze. The placecards were small golden pennants, which also bore the beloved name. "Blest Be the Tie That Binds" was sung by all as they gathered around the tables. Music furnished by Mrs. Leila Lord during the refreshment hour was much appreciated.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of
Bladder Irritation or
Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

ered around the tables. Music furnished by Mrs. Leila Lord during the refreshment hour was much appreciated.

At the close of the banquet all repaired to the I. O. O. F. hall, where the regular meeting of Hesperian Rebekah lodge was held. After the grand officers were introduced the president retired and introduced Charles H. Sheldon, past grand of Forest Green Lodge, No. 321, of Thorpe, Wis. The initiatory work was put on in a most beautiful manner by the degree team of the local lodge, of which Mrs. Jennie L. Hamilton is drillmaster. Speeches were made by the distinguished guests, Mrs. Lacy dwelling mostly on the proposed new orphan's home or which she is most enthusiastic. Max Koehner gave one of his humorous talks and S. E. Moreland voiced the sentiment of all, when he said that "No matter what we may do for Fannie M. Lacy it would not be enough; she would still deserve more."

SPECIAL CERTIFICATE IS AWARDED NEALLEY

Special high school credentials have been issued to E. M. Nealley of Tustin by the State Board of Education. This certificate is for life and allows Mr. Nealley the right to teach in any high school in the state. Mr.

Nealley has been lecturing at the night school of the Santa Ana high school. For that purpose a special temporary certificate was issued by the county superintendent of schools, good for the current year only. Since Mr. Nealley was a professor of prominence in an eastern college, he had no difficulty in getting the state credentials.

HEAD STUFFED FROM
CATARRH OR A COLD
Says Cream Applied in Nostrils
Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Advertisement.

WOMEN STEAL AN AUTOMOBILE?

Some time last night a Cadillac automobile was stolen from C. E. Martin's barn, at the corner of East Chestnut avenue and McClay street. The lock of the door had been broken by those who made off with the car. This morning at about 5 o'clock Martin returned from looking after some irrigating he was doing and found the automobile gone. Obviously made by ladies' shoes, there are no clues.

Your Child's Cough is a Call for Help Don't put off treating your child's cough. It not only saps their strength, but often leads to more serious ailments. Why risk? You don't have to. Dr. King's New Discovery is just the remedy your child needs. It is made with soothing, healing and antiseptic balsams. Will quickly check the cold and soothe your child's cough away. No odds how bad the cough or how long standing. Dr. King's New Discovery will stop it. It's guaranteed. Just get a bottle from your druggist and try it.

WORKING ONE'S WAY THROUGH COLLEGE

Although the expenses of sending a boy or girl through college are steadily increasing, the number who work their own way through seems to be gaining as fast or faster.

It is one of the fine things about college life, that students who are working their own way seem to stand well socially. They may not get as many invitations, simply because they are carrying papers or driving grocery wagons at times when their classmates are hanging around the society rooms making friends. But no stigma attaches to work! Social lines may divide their parents in their home town. But young people are more generous than grown ups, and are not apt to draw arbitrary lines of distinction.

Young people who work their own way get quite as much out of college as anyone else. They may not acquire quite as much of the social polish that comes from tea-tables and chapter houses. But they are living a life of earnest effort, which always brings reward.

The average college boy, financed by a generous father, can hardly be said to live a life of earnest effort. He drifts along in the regular goose-step, and can pass his marks without any strenuous exertion. He does put earnest effort into his athletics, which has its value. But whether running at top speed to reach first base helps a boy tackle the hard drudgery of supporting a family later on is an open question.

It would seem as if the person who has worked his way through college were entitled, not merely to whatever honors he may win on his scholastic standing, but to some special mark of distinction. Certainly his achievement is infinitely greater than that of the student who has simply used the tools which parents have bought and paid for.

SAME OLD CHAMPION

Once more there is a new world's champion, but he is still the same old champion, and his name is still—John Barleycorn. The negro bruiser, who had battered down every opponent in the world, and spent the proceeds on wine and women, at last met a white bruiser still young enough to be sober and undegenerate, with the result that the old champion was still his old self for only fifteen rounds, while the new champion held to his new self for twenty-six rounds. Inferior at the game, inferior in skill, generalship and brains, and probably in direct muscular power, the new champion was superior in the stamina that comes from fresh air, plain living, sobriety and cleanliness. And so—until wine, women and adulation get the new champion, too—the world has a new chief bruiser, and the white race once more steps to the front rank of the only occupation in which most white men would gladly yield permanent primacy to the negro.

"It is a clean man's game," said Tom Sharkey. If it only were! Clean men, to be sure, are the ones who win at it. But they almost never remain clean. The sort of men who win, in the purely physical contests of the prize ring, seem to know nothing to do with their winnings but to buy good wine and bad women therewith. They find it a losing bargain.

There are many winners and many losers—but John Barleycorn is the vanquisher of them all.—Fresno Republican.

Res. 312 Cypress Ave.

S. J. JACKMAN'S REPORT TO TAXPAYERS' LEAGUE IS HERE GIVEN IN DETAIL

(Continued from yesterday's issue)

On July 30th, 1912, the Board of Supervisors entered into a contract with one R. L. Hoague to build this bridge for the sum of \$18,350.00. This man Hoague put up a bond of \$4500 then before commencing work he threw up the contract. The Supervisors declaring his bond forfeited, employed attorneys, Williams & Rutan, to assist the District Attorney to bring suit against the Bonding Company to collect the same, but up to this date, March 20th, 1915, the suit has not been tried, nor a dollar collected.

The next move of the Supervisors in connection with this bridge was to proceed to have it built by days' work. (Notwithstanding the fact that one Charles Steffen had a bid in on this contract for \$19,500.00) employing Young's Construction Company of Los Angeles to take charge of same and build the bridge, furnishing the labor and material, and in addition to the payment to them of the costs of the labor and material by our Supervisors it was further agreed that they should receive a commission of fifteen per cent on all material and labor furnished.

The County Commissioners paid this firm the following sums of money, to-wit:

For material and labor.....	\$25,607.80
For insurance.....	372.00
For commissions on labor and material.....	3,270.70
For royalties on Thomas Patent.....	792.72

Total sum paid.....\$30,043.22
In the month of April an additional sum was paid out on this bridge for inspection, labor and miscellaneous items to the amount of \$1028.00, making the grand total of cost of this bridge up to May, of \$31,071.22 against \$18,350.00 the price that Mr. R. L. Hoague took the contract at and also against the price of \$19,500.00 the next lowest bid on the contract made by Charles Steffen.

Olive Bridge
Our next two photographs were taken of the Olive bridge, both of them from the old bridge. The first one shown on the opposite page was taken from a point nearly opposite the west end of the new bridge. This shows the construction of the bridge to be very low down, close to the river-bed leaving a very small space for water clearance.

This second photograph was taken from a point between two hundred and fifty and three hundred feet west of where the first one was taken. In this one you are looking directly into the wings of the new bridge, which were put up to receive the fill or approach to the bridge. This photograph discloses the fact that the river at present runs entirely west of this new structure, and to get the water to run under the bridge it will be necessary to build a fill out to and connecting with the levee on the Anaheim side of the river, about three hundred feet, and as this fill will be considerably higher than the levees on the Anaheim side of the river it will be necessary to raise the levee on that side of the river (to keep the Anaheim territory from being flooded) several feet in height and for a long distance up the river, which will cost an enormous sum of money to build. A more pitiful condition of public construction would be hard to conceive. Words are entirely inadequate to express conditions here. The report being that the Board of Supervisors claim that the persons in and around Anaheim "that was later dissolved" didn't play fair. In other words "put one across them" leaving them or rather the taxpayers to hold the sack while these good people, no doubt, spickered in their sleeves as to how they had done the Supervisors up.

Yorba Bridge
This photograph discloses the wretched condition of this bridge, the roadway of the same being sagged at one point away out of alignment, truss braces on the nearest bent show them dropped apart six to eight inches. The whole bridge shows neglect, while some other bridges in our county have had money lavished upon them without seeming regard to the taxpayers' interest.

West Seventeenth Bridge
This bridge was built by H. Clay Kellogg, for the sum of two thousand dollars. Most of the material used in construction was taken from the old West Fifth Street bridge. This material was hauled from the West Fifth Street to the Seventeenth Street location, and prior to commencing the work of construction a considerable amount of the lumber disappeared. But after a little detective work, same was located. Where it was found and what was done about it, we will leave for the man who built the bridge to tell in his own words.

Mr. Jackman:—Relative to the conditions incident to the construction of Seventeenth Street bridge, will state that it took all influence of the Board of Trade, Chamber of Commerce and the people in the district to be accommodated, to get the consent of the Supervisors; and then we were turned down the first time, the only opposition being a few people from Garden Grove who did not seem to want those between them and Santa Ana to have easy access to the city. The proposition presented was that we would build the bridge at a cost of \$2000 to the county, if they would let us have the old lumber that could be used from the old bridge at Fifth street, outside of what was already in the temporary bridge. It may be in order to state that old bridge had been taken down. They were also to let us have a sufficient amount of the old iron from old bridge to supply the Trustees. (There was enough, barring a few small pieces, to build two bridges).

After our prayer was granted the lumber was called and hauled up to Seventeenth street, or supposed to be. Sometime afterwards when it became necessary to put on the superstructure, it was discovered that a considerable quantity was missing, creating a shortage in the supply. Careful inquiries were made and a large part of it located, some of it in a beet dump down along the P. E. railroad to Huntington Beach. I have not the exact figures before me, but inasmuch as some of it was returned and the Supervisors supplied new lumber to complete bridge the matter was dropped. The Supervisors never asked for a report, so I did not make a complete summary of cost. Owing to the above conditions it may have over-ran the estimated cost a few dollars. All of the labor subscriptions were not paid in. Naturally it was hard to collect when all the facts became known. Incidentally all the time put in by myself planning and supervising the work was donated. In view of the events that have transpired since, it was quite enough. I will say, however, in passing, that I offered to plan and build the Fifth Street bridge of concrete, in 60-foot spans, for \$18,000—and they would not have had to pay for two plans, either, and my bonds would have been good.

H. CLAY KELLOGG.
Some Trite Sayings at Associated Chambers of Commerce Meetings
Some members of this organization are backing the Board of Supervisors and the Highway Commission in their work on the roads and the highways and, therefore, the position taken by certain persons and members in some of these meetings will be no doubt of interest to many of our taxpayers.

First we find at a meeting of the A. C. of C. held the fifteenth day of July, 1914, that the following persons were appointed as a committee to see what could be done in bettering the building of the State Highway. Messrs. Pilex, Newland and McFadden, County Highway Commissioners and S. H. Finley, County Highway Engineer were appointed on this committee.

At another meeting of the association held on October 28th, a resolution was passed, again urging the State Highway Commission to use heavy surfacing north of Anaheim.

The delegates of the A. C. of C. are convinced that the traffic is very heavy that it would be unwise to put a half-inch surface of rock and oil on it. On motion of W. T. Brown of Fullerton it was again decided to ask for heavier surfacing and backing the request up with figures. A. E. Mills, of Anaheim said that the repair work being done on Center Street, County Road, "was no good" as the patches are pulling up (this being a county road no action was taken as these people were only after the State Highways, and anything goes in the County Roads).

September 30th, at another meeting of A. C. of C. A. A. Mills of Anaheim gave his opinion that the County Highway Commission was covering its base too soon, that the base should be left open for traffic for several months so that the weak spots would develop.

County Highway Commissioner, R. J. McFadden, stated that any concrete will wear unless protected and that it would be a mistake to leave the best concrete open to traffic beyond a short period, while developing weak spots a large amount of damage would be done the whole road.

Highway Engineer S. H. Finley, said that the concrete was not built for taking the traffic after the roads were surfaced, there will have to be constant repair work done for the thin surface will wear out. The Board of Supervisors will have to organize a maintenance department to slap on material whenever bare spots show up.

W. T. Brown of Fullerton offered a resolution which passed, asking the State Highway Commission that one and one-half inches of asphalt be used between Anaheim and the north county line.

It would seem by these statements that our Highway Commissioners, Chief Engineer and members of the Associated Chambers of Commerce are fully satisfied, that it would be folly for the State to surface their roads with one-half inch of oil and gravel. Yet we find nothing in all of their arguments favoring the use of anything else on the county roads.

We now quote a new paragraph from the answer of the Highway Commission to the Taxpayers' League committee, who appeared before them with the same plea that they used before the State Highway Commission to-wit: That one and one-half inches of asphalt of wearing surface be put on our county roads.

In the second paragraph we quote from them as follows: "Our aim has been to safeguard the interests of all the citizens of the county."

In the third paragraph we quote again: "That if furnished with an unlimited amount of money and left to expend it as we choose we would build roads with two inch asphalt concrete top instead of the bituminous covering which we are using."

In the fourth paragraph we quote: "It is our opinion that the larger mile-

age of less expensive paving if properly cared for will bring better general results than a less mileage over a limited area."

Queer logic and is rather confusing to the uninitiated. In one of the paragraphs they state that if they have unlimited money they would build more expensive roads and in the next paragraph they would build the less expensive.

In the twelfth paragraph they admit the responsibility for the temporary and flimsy surface they are putting on our roads. Quoting their words "When the present commission assumed office, we immediately changed the policy and are now doing this work (referring to surfacing) with our own equipment and force." It seems the people themselves have very serious cause for complaint judging from the rumble that is passing over our county.

In paragraph fifteen we quote as follows "The original cost of putting on the surfacing that has 'peeled off' and exposed the concrete on the entire road system to date (January 28, 1915) was approximately \$40,000."

And with proper equipment same can all be repaired with less than five hundred dollars.

Evidently the county has not provided proper equipment or the machine, men, and material being used has been secured mighty cheap by our Supervisors, if we are to judge from the size and extent of some of the patches all ready put on since that date, and the thousands of other bare spots showing up over all parts of the system which must have material slapped on them if the concrete is to be protected.

Gravel and Gravel-Loading Machinery
To build roads with a concrete base it is always necessary to have gravel and sand, so our Supervisors took a lease on a certain Santiago Creek-bed lands near McPherson.

To deliver this material to the contractor most of it had to be loaded on freight cars for shipment, and notwithstanding that it is authoritatively reported that an offer was made to the Supervisors to load this gravel on the cars for 27½ cents per ton, proponents offering to guarantee performance of this work by putting up a surety bond satisfactory to the Supervisors. However, this offer was rejected and the Board proceeded to purchase and install machinery for a rushing and loading plant of this kind. Photograph on opposite page shows this outfit after it was erected.

Cost of erection including machinery and track up to January, 1915, was \$19,127.88.

Tons of gravel loaded to January, 1915, 80,478.

Cost of loading which includes payroll, repairs and other expenses \$31,380.93.

Our next photograph which was taken on the same date as the last one to-wit: on the day of March, 1915, shows that the gravel is now being loaded by scrapers instead of with this expensive plant. It is to be presumed that the reason for this is that all of the material within a reasonable loading distance apparently has been exhausted. Therefore, the method of loading, which was rejected by them in the beginning, is now being used, at what cost per ton our investigations up to this time have not disclosed. As our report gives that loaded before January 1st, 1915, and the cost of the same.

Whether it is the intention of those in authority to permanently abandon the use of this expensive loading plant we do not know, but we do know that machinery of this character standing idle for any length of time will rapidly deteriorate. This plant to scrap and sell would probably bring little better than junk prices. Certainly not to exceed twenty or thirty per cent of costs.

On the basis that this plant would net 25 per cent of its original cost, if sold, would make the loading of gravel prior to January, 1915, cost 57½ cents per ton instead of 27½ cents, the offer that was rejected. Showing a loss of thirty cents per ton for gravel loaded to date, January, 1915, 80,478 tons at 30 cents a ton, \$24,143.40 of a loss in this transaction, on the basis of the above calculation.

The offer of 27½ cents per ton for loading referred to above including the separating the sand, gravel and rock and crushing the rock to suitable sizes for use in paving.

Our Next Subject Is Bonds
Bonds, Yes, bonds, bonds for bridges, bonds for poor-farms, and bonds for other things, including bonds for one million two hundred and seventy thousand dollars for roads. These latter bonds were taken in denominations of one thousand dollars each, thus we have twelve hundred and seventy bonds. For printing the same our Supervisors paid W. P. Jeffries and Company of Los Angeles on May 6, 1913, the sum of \$2500.00. Believing this to be an outrageous price to be paid for this work even though they might be of the very finest material imaginable I wrote to the auditor of San Bernardino County and also to the auditor of Riverside County.

The reply received from the auditor of San Bernardino

San Bernardino, Mar. 27, 1915.
S. J. Jackman, Santa Ana, Cal.:—In reply to your letter of the 24th inst. the amount of bonds were one million seven hundred fifty thousand dollars,

Summer Night Robes

75c

—a special value, and a good one.

—for boys 50c.

W.A. HUFF

Rate of interest, 5 per cent. Denomination, one thousand dollars. Cost of printing, \$875.00. Amount of premium, \$17,338.00. Interest, \$5,069.45.

Respectfully,
S. G. BERGER, Auditor.
Mr. S. J. Jackman, Santa Ana, Cal.:
Dear Sir:—Replying to your favor of March 24th in re good roads, I beg leave to report as follows for Riverside County:

Amount of good roads bonds issued, \$1,125,000. Interest, 5 per cent per annum, payable semi-annually. Number of miles to be built, 186.85, and in addition thereto an agreement to spend \$50,000 on a desert road leading from Mecca to Blythe. Denomination of bonds, \$1000 each. Cost of printing bonds, \$975.00. Premium received on bonds, \$37,237.50. The premium received will be applied to construction of roads. Accrued interest will be thrown in the bond and interest fund to assist in paying interest on Highway Improvement Bonds.

Trusting that this information may be of service to you, I am

Very truly yours,
GEO. H. BROWN,
County Auditor.

Poor Farm

I will not take your time to go into detail on this subject. Will merely say that for a time the taxpayers were considerably concerned as to the magnificence of these palatial buildings. (See photographs on the following pages). But if we are to judge the actions of our Supervisors in the future by those in the past, we feel that we may have cause to rejoice in that they in this may have been wise beyond their generation in providing in advance a place of refuge for the overburdened taxpayers when they can no longer pay the assessments made against them and their homes are sold for the debts. Then, and only then, will the people appreciate their kind thoughtfulness in providing this shelter for us.

Card of Thanks
We wish to thank our neighbors and friends for their beautiful flowers and kindness during our recent bereavement.

We can take care of a limited amount of stock, and offer good feed, plenty fresh water and personal supervision of your stock. Anyone interested call Smelter 156, or call at the ranch yourself, near Sunset Beach. Rates, \$2.00 per month.

LOMITA LAND & WATER CO.

TO OUR SUBSCRIBERS

Help us give you good delivery. You can do this by phoning us if your Register fails to arrive or if it is delivered carelessly. If you live within a reasonable distance from the office we will send you a paper that same evening by special messenger, and the carrier corrects the trouble. However, we ask that you do not phone us before 6 o'clock in order to allow time for unavoidable delays, etc. There will be a man answering phone calls from 6 to 7 P. M.

DISCOVERS CLEWS TO AUTO'S WHEREABOUTS

Clews as to the direction taken by those who stole C. E. Martin's automobile from Martin's barn, corner of East Chestnut and McClay streets were discovered by Sheriff Jackson today.

An investigation of the tracks by Sheriff Jackson showed that there were probably two women or girls and two boys in the party, the boys wearing tennis shoes.

Sheriff Jackson followed up the trail left by the tires of the automobile. The tracks lead to Main street, Tustin, and beyond.

Motorcycle Officers Ballard and Davenport then detailed on the case, Davenport going to Capistrano via Laguna Beach and Ballard through El Toro.

Ballard phoned to Jackson at 11:30 this morning from Capistrano that a machine answering to the description of the stolen Martin automobile had put in at the Mission Town at about 6 o'clock this morning and had turned around and headed back toward Santa Ana.

Ballard stated over the wire that the number plates on the automobile had been smeared over with mud.

As there was only about four gallons of gasoline in the car when it was taken Jackson notified all garage men in the county to keep a sharp lookout in case the party should show up for more gasoline.

—We might have your car at our price. Let's get acquainted. Terms, Russell Motor Sales Co., Second and Bush.

Doings in Social and Club Circles

MERRY EASTER PARTY

Domestic Science Pupils Entertain the Kiddies of Day Nursery

Besides teaching her pupils the art of sewing and cooking, Miss Grace Whitted, the capable domestic science teacher at the Polytechnic High School, has also inspired those under her instruction with the desire for being helpful, and Monday the domestic science pupils, with her supervision, gave the youngsters of the Day Nursery a very happy time.

The girls have just completed an outfit for these little folks, who wore their new frocks in honor of the Easter party to which their youthful "modistes" invited them.

First of all, pictures were taken of the happy little company as they gathered round the dining table with visions of a bountiful "treat" in view. Baskets of mermaids centered the pretty tables and the kiddies were delighted to find their places marked by tiny baskets decorated with cunning Easter chicks, the handiwork of the art class of the high school. Napkins, gaily embellished with childish reminders of the Eastertide, were also used and delicious ice cream was served with interesting specimens from the zoo, in cookie shapes.

After the refreshments had been enjoyed, the children took possession of the Polytechnic model apartments, where they entered into a merry hunt for vari-colored Easter eggs, with which they filled their pretty baskets. Mrs. B. H. Barr and Miss Helen Wells succeeding in highly entertaining them until the time came for "good-byes."

A Dollar Social

A Dollar social will be given Friday afternoon by the Emma Sansom chapter, at the home of Mrs. T. J. Haughton, 1429 South Yamore street.

Each member will bring one dollar and tell how she earned it. A short program will also be given.

Roosevelt School

The Parent-Teacher Association of the Roosevelt school held its regular meeting Tuesday afternoon in the kindergarten room. The meeting was called to order by the president, Mrs. Sylvester, after which Francis Kendrick gave a piano solo and responded to the encore with another selection. There was a large attendance and all enjoyed the round-table discussions. Refreshments were served.

The refreshment committee for the next meeting is Mrs. Cole, chairman; Mrs. Douthart and Mrs. Toerch; the program committee, Mrs. Trickey, chairman, Mrs. Bohannon, Mrs. Sawdry.

Mrs. Jackson's room received the picture for having the largest number of mothers present.

Missionary From Turkey

Mrs. J. J. Hostetler, six years a missionary nurse in Hodjin, Turkey, will give an interesting message telling of the awful persecution of Christians in that country, tonight, at the Church of the Nazarene, corner of Fifth and Parton streets, at 7:30 o'clock. All are invited to hear this message.

Woman's Club Meets

Mrs. W. C. Young was hostess to the Woman's Club yesterday, and the meeting was unusually interesting, as the topic for the afternoon discussion was "Marthy in Dress." Mrs. James Alexander read an excellent paper, her arguments in favor of medium, common-sense styles being emphasized by articles on this subject, quoted from Collier's Weekly and the Literary Digest.

Extremes in fashion and tight skirts were severely criticized and the ladies agreed that dress reform must come from home, not the platform, and that the mothers and teachers must take decided stands for a more modest and comfortable style of dress.

The general discussion brought out a variety of helpful opinions and the leader, Mrs. Alexander, was given a hearty vote of thanks for her well-chosen arguments.

Roll call, which was answered by mentioning a number of good books, carefully read, was also an interesting feature of the pleasant meeting.

Delegates were elected to attend the Orange County Federation of Women's Clubs which will be held at Newport, April 14, and the club president, Mrs. Young, appointed George Slocum as alternate ex officio; Mrs. Anna Gale, delegate, with Mrs. F. A. Marks, alternate; Mrs. M. M. Pyle, delegate, alternate, Mrs. C. P. Kryhl. Three new members were welcomed into the club at this meeting.

Entertains at Auction Bridge

The beautiful sun parlors in the home of Mrs. W. F. Lutz, made a delightful meeting place for the Auction Bridge Club yesterday afternoon. Pottery, ferns and baskets of fragrant red roses in the windows added their charm to the pleasant room, where the ladies held a merry session at cards.

Mrs. Flood, who won the laurels, after scores had been counted, was presented with a beautiful crocheted bath towel with wash cloth to match, the consolation, a pretty gilded shoe form, tied with pink ribbon, going to Mrs. Kendall.

Dainty refreshments were served after prizes had been awarded. The guests of the club included Mrs. H. T. Duckett, Mrs. J. P. Baumgartner, Mrs. W. A. Flood, Mrs. C. M. Jordan and Mrs. R. D. Young of Los Angeles, while the members present were Mrs. E. S. Gilbert, Mrs. George Briggs, Mrs. C. S. Kendall, Mrs. R. E. Whitted, Mrs. Cal D. Lester, Mrs. R. R. Shafer, Mrs. Russell Scott, and the hostess.

Afternoon at Cards

A merry company of ladies enjoyed an afternoon yesterday with Mrs. James S. Rice of Tustin, who entertained the Auction Bridge Club, of which she is a member.

At the close of the animated games, Mrs. Alice Harris was awarded first prize, the consolation going to Mrs. John Tubbs.

Delicious refreshments were served at the card tables, where an Easter decorative scheme was observed, pretty baskets filled with fancy candy eggs, upon which perched fluffy Easter chicks, being given as favors.

Mrs. James Willis Rice, Willis Rice, Will Spurgeon and S. E. Knowles were guests of the club at this delightful meeting.

Plan Membership Contest

The Y society, with thirty members in attendance, held a delightful meeting last evening with their superintendent, Mrs. F. H. McElree, who knows just how to give the young people a jolly time.

The new programs were distributed and during the business session, great interest was aroused when plans were made for a membership contest. Miss Eunice Jones and Perry Thomas were chosen as captains of the two companies, into which the Ys were divided and the goal for which these young people will enthusiastically strive, is a chicken banquet to be given by the losers, in July.

During the social hour, the merry game of "consequences" was enjoyed, many jokes being thus played on good-natured subjects. The rally meeting closed with the serving of light refreshments.

Pleasant Class Meeting

The Delta Alpha class of the First Presbyterian church met last evening with good attendance, at the home of Mrs. W. A. Craig, 422 Sixth street.

The young ladies enjoyed a jolly social time over their needlework and were served with ice cream and wafers before their departure.

BANQUET AND DEBATE

"The Jitney Has Come to Stay" According to Verdict of Loyal Champions

The jitney is all right and has come to stay! At least that was the verdict of the Congregational Brotherhood at the meeting last evening after listening attentively to the debate on the question, "Resolved, that the jitney is the most satisfactory form of public transportation."

Supper was served at 6:30 o'clock by the Amphion Circle, at the close of which President A. J. Perkins called the meeting to order and after the transaction of some business, the debate began. The affirmative was sustained by T. B. Kelley and F. C. Rowland and the negative by L. K. Strong and D. C. Cole. Both sides were loaded for bear. Mr. Kelley in opening for the affirmative defined the jitney as "a motor bus of any kind, including a Ford, that charged a five-cent fare." He described the rapid growth of the jitney and predicted that it is just at the beginning of its career. Kansas City is the most jitneyized city in the United States. The jitneys there operate on a regular schedule and carry 50,000 people a day. He grouped the points in favor of the jitney under four heads: Convenience; Rapidity; Inexpensive operation; Relief of Congested Street Car Traffic in Large Cities. The opposition comes mainly from invested capital, but he predicted that eventually the jitney service would be taken over by responsible corporations.

L. K. Strong in opening for the negative, thought there was a tendency to look at the question with reference to more favored localities, such as California, and not to take into consideration conditions throughout the country as a whole and under all seasons of the year.

There are seasons of the year in the eastern cities when the jitney cannot operate successfully. The trolley is always dependable, and it would be a mistake to allow the jitney to run out the trolley car. In case of severe storms the trolley and steam lines offer advantages that the jitney cannot furnish.

F. C. Rowland for the affirmative insisted that the question of the permanence of the jitney as a means of transportation rests with the public has overwhelmingly approved. He related his own experience as a "strap hanger" in Kansas City, where he resided for some time, and the difficulty he experienced in getting to his home in the suburbs during the "rush" hours of street car traffic, and declared that the jitney was a welcome means of relieving this condition of things. The jitney, he mentioned, started in Los Angeles, but had now spread throughout the country. It should be put under regulation so as to insure safety and responsibility.

That the competition of the jitney has seriously affected the street car business is evidenced by the fact that the Los Angeles Street Railway Company has recently laid off a hundred employees and canceled an order for 200 new cars. He summed up as his chief argument the fact that the people have taken to it, and that settles the matter.

Mr. Cole as the last speaker related in humorous fashion the woes of a lady passenger on a jitney from Fullerton to Santa Ana, and laid stress on the inconveniences and abuses incident to this form of transportation, and pointed out the superior advantages of the trolley as a prominent and satisfactory means of travel. He predicted that, like the hoop skirt and the hobble skirt and other fads of fashion and popular caprice, the jitney would have its day and then be relegated to oblivion.

Mr. Kelley as the leader of the affirmative was given five minutes for rebuttal, after which the question was thrown open for general discussion.

Tustin W. C. T. U.

The members of the Tustin W. C. T. U. are requested to be present at Smith and Tuthill's chapel Thursday morning at 9:45 to attend the funeral services of their sister, Mrs. Abbie L. Shatto.

Federated Clubs Convention

A convention of the Federated Clubs of Orange county will be held at East Newport April 14. This will be an all-day session and reports from the various clubs of the county will make the meeting of especial interest.

'Round the Corner Club

The members of 'Round the Corner Club held an informal meeting yesterday, with Mrs. P. A. Robinson of East Washington avenue.

Several pleasing solos by Miss Ethel Gibbs were enjoyed and the afternoon at needlework was pleasantly concluded with the serving of light refreshments.

McKinley P. T. Meeting

The McKinley Parent-Teacher Association will hold the April meeting tomorrow afternoon at 2:30 in the kindergarten building on West Third street.

An unusually interesting program has been promised. Edwin M. Brown, county secretary of the Y. M. C. A., will give a talk on play grounds and

GOOD GLASSES PAY

in dollars and cents, time and comfort. They will not cost so much in repairs, they will hold their shape better, and will be serviceable long after others are thrown away.

WE SELL GOOD GLASSES

C. P. Kryhl & Son

Jewelers and State Registered Optometrists

118 E. Fourth St. Santa Ana

W. A. Zimmerman will speak on "Child discipline." Refreshments will be served and all members and friends interested, are urged to attend.

Fifth Household Economics

The Fifth Section of Household Economics will meet Friday afternoon at the home of Miss Beulah May, corner of Depot and Maybury streets. Members will take the Tustin bus which leaves the Dragon at 2:10, get off at Maybury street and walk one block north to Depot street.

Amphion Circle Meets

The Amphion Circle will meet Thursday at the home of Miss May, corner of Fruit and Maybury streets. Autos will be at the church at 2:15 for all having no other way of going.

Nominate Candidates

The Spurgeon Parent-Teacher Association held an interesting meeting yesterday afternoon. A short program preceded the business session. "Voices of Freedom" was enthusiastically sung by the fifth and sixth grades, after which they repeated in unison, Kling's beautiful poem, "Lest We Forget."

Ballots for the new officers were cast and the following candidates were nominated: President, Mrs. Wicks and Mrs. George Hell; vice president, Mrs. W. A. Lowman and Mrs. Armstrong; second vice-president, Mrs. Frank Cannon and Mrs. D. B. Horton; secretary, Mrs. Patterson and Miss Ethel Wright; corresponding secretary, Miss Arti Cleveland and Miss Stella Kaufman; treasurer, Mrs. E. V. S. Pomerooy and Mrs. F. L. Norton. These candidates will be voted on at the next meeting.

Refreshments were served during a social get-acquainted hour.

Personals

Miss Kate Munger of Irvine, left today for a week's trip to San Francisco.

Mrs. George Briggs and daughter Janet, left today for San Jacinto, to join Mr. Briggs and his daughter, Marie, who are on an outing trip at that place. The family will return here in a few days.

County Forester J. M. Grant, J. B. Joplin, R. C. Northcross, Howard Dye and Albert Lenk, all connected with the county forestry work, attended a meeting of the Los Angeles Horticultural Society in Los Angeles last night. A paper on flowering plants was read by Superintendent Taylor of the Laughlin Park at Hollywood.

Superior Judge Thomas returned last night from San Bernardino, where he presided at a trial yesterday.

Rev. and Mrs. Otto S. Russell and daughter, Virginia, returned Monday from a month's visit at their old home at Marshall, Mo. They traveled via Santa Fe and stopped off at the Grand Canyon for a day.

Mr. and Mrs. Samuel Bengel of Los Angeles were over Sunday guests of Mr. and Mrs. O. B. Alderman, the parents of Mrs. Bengel.

Miss Lucile Schmidt of Duluth, Minn., is spending the week with Miss Mary Whipple, the visit being greatly enjoyed as Miss Schmidt is from Miss Whipple's home city.

George Carahan of Columbus, Kan., is visiting at the home of his son, Walter Carahan, of 824 South Birch street.

Mrs. R. E. Coulter spent today in the Angel City.

W. A. Lowman made a business trip to Los Angeles this morning.

Miss Dora Chaffee of Garden Grove was a Santa Ana visitor today.

Mrs. G. King of Orange was a visitor here today.

Miss Edith Hill of Stanton was in Santa Ana today on business.

S. M. Duggan came up from Laguna Beach today for a short stay in Santa Ana.

Mr. and Mrs. J. R. Champion and Miss C. Doyle of Leadville, Colo., are enjoying a visit at the home of F. Champion of 519 Bush street, while touring California.

Miss Gladys King returned this morning to her home at Pasadena, after spending a week with her aunt, Mrs. J. R. Platt.

AUSTRALIAN BOYS IN TOUR OF STATE HERE ON APRIL 26

On Monday, April 26th, Santa Ana will have an opportunity of exchanging international courtesies with representatives from the commonwealth of Australia, for on that date 35 young high school and primary school students, who are making an extensive educational tour of the United States, and especially of the State of California, will arrive from Anaheim as guests of the city for a few days.

The party has just completed a three weeks interesting sojourn at San Francisco and the exposition, and while here, the students will be on their way to the San Diego exposition.

Ernest Shacklock, the advance manager of the boys, is now in town completing arrangements for this visit. In an interesting interview with a "Register" man this morning, Shacklock gave the following information regarding the ideals and chief features connected with this enterprising and commendable tour: "The chief mission of the boys' travels abroad is emphasized in our motto 'Education by Travel' and in a tour of this kind we hope they may gain through the facilities extended to them as representatives of another country an insight into the ways of other people. We come to study your agricultural industries, especially your irrigation systems. We hope to learn of your manufacturing activities while a chief feature is the lecturing scheme which we demonstrate in all the high schools where we visit.

We have ten boys who have been trained in the art of public speaking and are quite capable of placing true facts concerning Australia before American audiences and especially before your High School students. We have the good fortune to have as our leader, Lieutenant J. J. Simons, who by his organization ability, and past experiences in boys' work has created for himself the title of 'Prince of Boy Leaders.' He is Australia's most noted orator and lecturer, and has practically given up a seat in our federal parliament to carry on this big scheme of advertising the commonwealth and educating our boys.

"Already the plans look very promising and I am keenly interested to know that the High School has taken

this matter up, and we, under their auspices will give one of our big entertainments during our stay in the city. The principal feature of this entertainment is, of course, our 81 piece Brass Band—The Champion Boys' Band of Australia."

HAS LEFT ARM BROKEN

Elma, the 10-year-old daughter of Mr. and Mrs. A. M. Starkey, 514 South Flower street, met with a very painful accident Saturday afternoon.

While playing at her home, she fell from the porch and suffered a fracture of her left arm, both bones being broken.

WILLIAM H. JOHNSON

(Garden Grove, Cal.)

An Appreciation

"We pass; the path that each man treads is green or will be green with weeds."

Yesterday, April 6, 1915, a sad concert of neighbors and friends gathered at the home of Mr. and Mrs. William H. Johnson to pay their respects to the man, friend and neighbor.

Hundreds of his old friends in Fairbury, Ill., were not permitted this privilege, owing to the great distance.

His old lodge of Odd Fellows, of which he was a charter member, and one of its most active founders, will be glad to know that his funeral services were conducted by the members of the Santa Ana lodge of Odd Fellows, who fully appreciated the fact that his long and active membership of the order deserved this recognition.

What lesson are we to derive from his long life and character? To the writer, who has known him for forty years, certain characteristics were plain to be seen that were admirable.

He was a "diamond in the rough." He was the kind of man that successful pioneers are made of; honest, self-reliant, active, industrious. Physical handicap with him was no bar to success.

He was not a hypocrite. You always knew where he stood. He could not be bought or sold. He lived fully the advice that John Burroughs, at 78, gives to the world:

"Be cheerful and mind your own business."

If every man in Orange county would emulate his example we would need no jail or poor farm.

WOMEN ELECTED TRUSTEES OF SCHOOLS

According to returns so far received by County Superintendent of Schools R. P. Mitchell, five women were elected to membership of school boards in the elections held in every school district in Orange County, except Santa Ana, last Friday. No reports have been received from fourteen districts. In some of them no elections were held, while in others the election boards have been slow in sending the return cards to the county superintendent.

Reports have been received of elections in the common school districts as follows:

Anaheim, C. W. F. Daniels; Bay City, Mrs. Pauline Russell, C. A. Little; Brea, John Farnsworth; Buena Park, Geo. McNeil; Centralia, S. Y. Dohm; Delhi, R. J. Webster; Diamond, E. M. Harvey; El Modena, J. F. Stone; El Toro, R. E. Hemenway; Fullerton, Albert Sifton; Garden Grove, W. D. Junkin; Harper, H. B. Woodrough; Huntington Beach, Mrs. W. T. Newland; Katella, W. M. Chambers; La Habra, Katherine B. McGill; La Jolla, E. Dever; L. C. Voemans; Magnolia, Anna M. Rains; Newhope, J. W. Martin; Ocean View, John Brush; Orange, C. W. Easton; Orange Grove, H. J. Schulte; Walter Parret; Peralta, J. W. Shiffer; Peralta, J. P. Peralta; Placentia, S. W. McCulloch; Randolph, L. H. Van Hoorbeke; San Juan, Oscar Rosenbaum; Savanna, Fred Jabs; Springdale, Earl Favar, A. S. Cleaver; Trabuca, no election; Tustin, E. J. Cranston; Villa Park, G. D. Williamson; Westminster, S. C. Thompson; Yorba, D. C. Sanchez; Yorba Linda, Mrs. Addie D. Kinsman.

RUSSIANS ESCAPE
SAN FRANCISCO, April 7.—Ten Russians who were conscripted for war service are here today, having escaped from Siberia and crossed the ocean on the liner Korea.

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruises or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

Here's Proof
Charles Johnson, P. O. Box 105, Lawton Station, N. Y., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, according to your directions, and I must say that it is helping me wonderfully. I throw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."

All Dealers, 25c.

CHICKS HATCHED FORTY FEET UP IN A TREE

Here is a tale of a Brown Leg-horn hen that is first cousin of a brown bird or a dove or some other bird that makes nests in trees. This particular Brown Leghorn belongs to Mr. Johnson, who has a ranch in the Santa Ana canyon. The canyon rancher was taking a stroll under some of the beautiful trees that adorn his place when suddenly there flopped down through the limbs a fluttering, fluffy chick. The newborn creature landed at his feet right side up with care. Johnson decided to investigate, for while he had heard of its raining pitchforks and cats and dogs, he had never heard of its raining chicks. Besides, there was no storm brewing or brewed. The rancher climbed into the tree, his eye upon a gathering of twigs and trash that might at one time have been a rat's nest or a hawk's nest. That nest was forty feet from the ground. In it were a clucking Brown Leghorn hen and thirteen little chicks—making fourteen in the air. Johnson aided the hen and her offspring in a descent to the ground. Johnson is thinking of getting one of Glenn Martin's aeroplanes for use in gathering his eggs.

GARDEN GROVE

OLD RESIDENTS ARE GOING TO TULARE

GARDEN GROVE, April 7.—Mr. and Mrs. Will Mitchell, who have long been residents of this place, are leaving today for Tulare, where they will settle on an 80-acre farm. Mr. Mitchell has shipped two carloads of cattle to his ranch. Mr. and Mrs. Mitchell's departure comes as a surprise to their many friends here.

Mrs. W. A. Owen, who has been visiting with Mrs. S. W. Barnes, has returned to her home in Bakersfield.

Mr. J. Cunningham, Mrs. Barnes' brother, has returned to his home in Paso Robles.

Mr. and Mrs. H. C. Powell with Mrs. Powell's brother, William McKeon, returned today from a four weeks' tour of the southern part of the state. The old home in San Luis Obispo and the country around it were visited. Mr. Powell reports the country looking as rich and productive as ever. He saw a good many improvements.

Mrs. Dille, Miss Dille and Mrs. Arkley returned from a visit to San Diego where they visited friends and the fair. A good time was enjoyed and the fair proved to be very interesting in every part.

D. H. Shover is visiting at the home of Mr. Arkley. Mr. Shover is from Santa Barbara.

Mr. and Mrs. N. I. Rice, and Mr. and Mrs. Mucham motored to Los Angeles on Tuesday, where they took dinner with Rev. A. H. Bailey and wife, after which they visited Atherton Villa, the aged ministers' home at Burbank.

Mr. and Mrs. Pikes of Ohio with their daughter and son-in-law, Mr. and Mrs. Haite, and daughters, are visiting Mr. and Mrs. Tiltson, who are old time friends.

Mr. and Mrs. A. F. Pubs are entertaining their son and daughter-in-law, Mr. and Mrs. Bert Pubs of San Diego for the week end.

Mrs. Pearl Houghton who has been visiting with friends and relatives here for the past week leaves tomorrow for San Bernardino, where she will meet her husband who is doing

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Stomach Misery, Indigestion in Five Minutes

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs of indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though, each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—Advertisement.

COL. HATUMAN REVIEWS HIS RECORD AND PRESENTS HIS CLAIMS FOR CITY ATTORNEY

To the Voters of Santa Ana:—As it will be impossible to meet all the voters before election and press my claims as candidate for City Attorney, I wish briefly to call your attention to some facts concerning my candidacy for City Attorney.

When I was first elected City Attorney, the city had about 3500 inhabitants; now it has nearly 15,000. Practically all the public improvements, except the Water Works, have been constructed since I became the city's legal advisor and all the proceedings for the issuance of bonds to construct these improvements have been conducted by me, and no errors proved fatal to any of these bonds. These public improvements comprise the \$183,000 additions and extensions to the Water Works; the McKinley, Lincoln, Washington, Jefferson and Spurgeon Schools; the magnificent Polytechnic High School which cost \$200,000; the original sewer system; the Intermediate School building and the City Hall.

The experience I have had in conducting the city's legal work will not be a disadvantage to the city in the event I am elected. I point with pride to the fact that since I have been City Attorney no person or corporation has ever obtained a money judgment against the City of Santa Ana.

Some people in the campaign are saying I am "slow." Perhaps I am, but is it not the better way to be slow in giving legal opinions about matters of public interest and policy and "be sure you are right, then go ahead," than to advise the City Council hastily and sometimes make an egregious blunder and thereby cause loss to the city?

If elected I shall continue to be slow in giving such opinions on the very

the baking there in a bakery. Mr. Haughton has recently been employed in the Bon Ton Bakery at Santa Ana. Mrs. Charles Swall entertained Mrs. M. C. Wherten and children Tuesday.

Last Sunday morning at the latter day Saints Sunday school each little scholar was presented with a large candy Easter egg. The little children showed a great appreciation by their happy smiles.

Mr. F. E. Harrison is ill for a few days with grip.

Frank Rogers was an early morning passenger to Los Angeles, for business purposes.

W. H. Johnson, an old resident of this place, was buried from his home one mile southeast of town this morning. Mr. Johnson leaves his wife and one daughter, Mrs. Tom Jessup, and a large circle of friends. He had been confined to his bed for several months.

Mrs. Prothero of El Toro, mother of Mrs. Henry Otta, visited on Friday and Saturday with Mrs. Otta, who is very sick with typhoid fever, but is improving.

Mr. and Mrs. O. F. Smith and family of Florence were here on Sunday visiting friends and looking over their four-acre ranch.

Miss Helen Chaffee has returned to Los Angeles where she is caring for her grandfather, Dorris Chaffee, who is very feeble.

Mr. and Mrs. Dan Tylor and family motored to Duarte on Saturday where they spent the day and brought home three alligator pear trees to plant on their ranch here.

Mr. and Mrs. Mair with their daughter, recently from Iowa, for the present are living on the ranch that belonged to Mr. Swall.

Mrs. Ed. Chaffee has returned home after a week's visit in Los Angeles.

Miss Lucy Hill of Santa Ana and Miss Esther Hedstrom of Garden Grove will spend a few days this week with friends at Hemet.

Warren Ashleigh of Redlands is visiting with friends in the Grove.

REPORTS MARKET ON NAVELS AND LEMONS SLOWLY PICKING UP

Orange News: The transaction of routine business and discussion of market and other conditions of the citrus industry occupied the attention of the Orange County Fruit Exchange at the regular monthly directors' meeting yesterday.

The exchange will practically finish the handling of its regular bloom navels this week and will start moving the sweets immediately. The off-bloom navels will not be touched for two or three weeks.

The market is picking up somewhat on navels and also lemons. About fifteen cars of lemons are being shipped out of the district every week. Much interest is being taken in the progress of the youngest member of the exchange family, namely: the Olive Heights Citrus Association. The new Olive packing house is going rapidly ahead and will be completed about May 1. It will be fully equipped and ready for business by the 15th of May according to plans. Mr. Cole, formerly of the Growers' Fruit Company, has been secured as house foreman.

—Good looking little Studebaker 25 Roadster in perfect shape and guaranteed. Russell Motor Sales Co., Second and Bush.

NOTICE TO CREDITORS

Estate of Elmer E. Sims, deceased. Notice is hereby given by the undersigned administrator of the estate of Elmer E. Sims, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within four months after the first publication of this notice (which publication was first made on the 31st day of March, 1915,) to the said administrator at the office of his attorney, S. M. Davis, Room 5, Trust Bldg., in the city of Santa Ana, County of Orange, State of California, which is hereby designated as the place of business of said estate, in the County of Orange.

Dated this 30th day of March, A. D. 1915.
THEO. A. WINBIEGLER,
Administrator of the Estate of Elmer E. Sims, Deceased.
S. M. Davis, Attorney for Administrator,
Room 5, Trust Bldg., Santa Ana, Cal.

serious and important matters of the city.

To the women voters I will say that I shall be proud to receive your votes and your support, but I do not consider it right, neither is it good policy for me to disturb your from your domestic work by ringing your door bell and causing you to your front door to hear my appeal for your votes, when perhaps I am a very stranger to you, and I assure you that I will not put you to this trouble on my account but will trust that you will get enough information about my qualifications for City Attorney from your husband, brother or sweetheart to vote for me.

I stand for the enforcement of all laws or ordinances that tend to elevate the morals and citizenship of the men, women and children of the City of Santa Ana. I stand for purity in social and public life. I am and have been for twenty years a strong advocate of temperance and abstinence from intoxicating liquors.

It is true that the Board of Trustees has the power to employ additional attorneys to assist the City Attorney and the Board in three small cases did employ an attorney to assist me. While it is the rule of modern policy to employ many attorneys in a case for safety, I beg leave to say that this attorney was not employed at my request nor with my consent first obtained, but against my will and over my protest that the city money should not be needlessly spent in employing a lawyer whose services were not needed.

And with this announcement of some of the principles I stand for and a long acquaintance with many of you, I shall be glad to receive your vote and support next Monday, the 12th day of April.

Very truly yours,
W. F. HEATHMAN.

TO DEBATE FOR CHAMPIONSHIP

The University of California is holding a series of interscholastic debates within the state. The final debate in this series to determine the championship of Southern California will be held next Friday evening, April 9. The Orange County Debating League will be represented by the Fullerton Union High School. A triangle debate will be held at Fullerton, San Bernardino and Coalinga, Fullerton will meet San Bernardino at Fullerton. The question for debate is, "Resolved, that the government should own and operate all interstate railroads." The Fullerton debate will be held at the Fullerton Union high school auditorium at 7 p.m.

LOS ANGELES PRODUCE MARKET
Instead of advancing, meat prices in the majority of quotations through the list of beef, veal, mutton, lamb pork and pork products have shown a slight decline. Some of the fluctuation is of the usual kind, merely restricted to cuts for which there is too heavy a demand, and which have gone up against the general downward trend of the market, in order to curtail these lines. Slight decrease in the call for meats owing to the end of the season with the great tourist hotels of the Southwest is one of the causes for the drop yesterday announced. A greater factor, however, lies with the farmers who continue to sell all available supplies owing to the high cost of grain and who fail to look ahead to the date when the shortage in stock of all kind will mean big returns on all marketable product.

Egg receipts were 711 cases. The market on eggs was steady at 19 cents for case count.
New spuds are moving fast and carlot shipments are expected to begin in about three weeks.

Not long ago one of America's foremost business men made the following statement:

"The most perilous part of a man's life is when he fancies there is an easier way of making a dollar than by earning it squarely."

Hundreds of millions are lost every year in speculation. For every one who wins there are a thousand who lose. Too late they find out that the "sure thing" has swallowed the little they had to invest.

BRITISH CAPTAIN REFUSES AID AS HUNDREDS DIE WHEN DIVER SINKS SHIP

(CONTINUED FROM PAGE 1.)

have captured Hills 219 and 221 in the direction of Etain.

The French have occupied the Haut Bois and Lhopital Farms and at Eparages made big gains and took many prisoners.

AMSTERDAM, April 7.—A dispatch today from Berlin states that four Austrian aeroplanes flew over Scutari yesterday and dropped thirteen bombs. A tobacco factory was fired but no one killed.

Scutari is on Lake Scutari, in Albania, and was occupied by the Montenegrins at the close of the Balkan war, but the Montenegrins were later compelled by the Powers to evacuate the town.

BERLIN, April 7.—The evacuation of the German position at Die Grachen in West Flanders and a French advance northeast of Verdun, are admitted in the official statement today.

The report also indicates that the French have launched a terrific offensive movement east of the Meuse river.

In the eastern theater a Russian battalion is reported annihilated at Andzejaw, and attacks at Kalcaria and Augustowo repulsed.

PETROGRAD, April 7.—The war office today announces that 60,000 Germans and Austrians were captured in the Carpathians last week. The claim is made of successes of the Russian forward movement there.

CHRISTIANIA, April 7.—The Norwegian government has formally demanded that Germany pay \$70,000 for the sinking of the Norwegian steamer Belridge, the first neutral ship torpedoed in the German blockade of Britain.

CONSTANTINOPLE, April 7.—That an intermittent bombardment of the Dardanelles is being carried on by the united Anglo-French fleet is indicated today by the following official Turkish announcement:

"On April 4 two of the enemies' cruisers unsuccessfully bombarded the batteries at the western entrance to the Dardanelles. One of the cruisers was struck by a shell from one of the fortresses."

PARIS, April 7.—The French offensive between the Meuse and Moselle is gathering momentum. Dispatches today tell of desperate fighting near the apex of the German wedge at St. Mihiel.

It is admitted the French losses are heavy. Hundreds fell when the French took two positions near Etain in the face of a murderous artillery fire.

The war office statement fails to mention the important fighting now progressing near Verdun.

NORFOLK, Va., April 7.—The German cruiser Prinz Eitel Friedrich remained anchored today, despite reports that her officers had bade farewell to the port officials preparatory to an attempt to dash to sea through the British and French ships awaiting her off the Virginia Capes.

It is generally believed here that Captain Thierichsen has already notified the American authorities of his intention to intern.

Officials refuse to discuss the matter, declaring such action would be a violation of neutrality.

BERLIN (by wireless to Sayville), April 7.—Local newspapers declare the effect of the German submarine warfare is already felt in England. They say the increase in food prices is marked, the cost now being greater than in Germany.

Fighting in the Carpathians is increasing in intensity daily. Military experts profess to believe the crisis there is drawing near.

PARIS, April 7.—A letter protesting his innocence and declaring he is the victim of a terrible mistake, was received by the American ambassador here today from Raymond Swoboda, the supposed American citizen held at Havre on a charge of attempting to blow up and fire the French liner La Touraine.

Swoboda expressed deep indignation at his arrest and gave a detailed outline of his movements in the United States before sailing from the country. He names business men who will vouch for his character.

The fact that Swoboda's arraignment has been postponed indefinitely indicates that the authorities have struck a snag in their efforts to find evidence.

An official inquiry into the Swoboda case is proceeding.

Swoboda expressed deep indignation at his arrest and gave a detailed outline of his movements in the United States before sailing from the country. He names business men who will vouch for his character.

\$100,000 BONDS ARE SOLD BY THE COUNTY \$96,511

Today the Board of Supervisors sold the remaining \$100,000 state highway bonds held by the county to Perrin, Drake & Riley for \$96,511. These bonds were part of the \$200,000 bonds bought by the county from the state in order to provide the State Highway Commission with money with which to do state highway paving between Santa Ana and the San Diego county line.

About six weeks ago \$100,000 of the lot went on a bid of \$96,414. Today bids were received as follows: Byrne & McDowell, \$96,190; Hammond, Stevens & Co., \$95,963; Torrance, Marshall Co., \$96,126.80; N. W. Halsey & Co., \$96,260; Wm. R. Staats Co., \$95,818; Perrin, Drake & Riley, \$96,511.

The sale is considered an excellent one for the county. The interest received since the bonds came into the possession of the county more than offsets the loss in the principal.

To Present Claim
Mr. and Mrs. H. K. Holt were before the supervisors to state that they expect the county to pay Mrs. Holt some money for damages as result of receiving a broken arm when she was thrown from her buggy in a collision with the county auto truck. The amount asked was not stated. The matter was referred to the district attorney.

Extension Given
The O. & C. Construction Co. was given an extension of sixty days upon its paving contract in La Habra Valley.

Bids on April 20
Today April 20 was set as the date for opening bids for paving the Dyer, Fairview, Smeltzer and Wintersburg roads.

SMALLER TOWNS GOOD MARKETS FOR ORANGES

Covina Argus: Carrying with him 25 loose field boxes of Covina oranges, which he bought here for less than \$9, and upon which he made \$75 in less than three hours of selling time, C. D. Bost, an employee of the city of Covina, is back from a visit to his home in Crowell, Texas, with a remarkable statement.

Mr. Bost recently was obliged to make a trip to Texas with household goods belonging to his father, who was moving back from Covina to his old home. The young man conceived the idea of taking some oranges with him. The result was more than satisfactory. This young man, who has made no particular study of orange marketing, is willing to say that one of the biggest bets the orange growers ever had put up to them is being passed up as worthless, namely, the selling possibilities in the small towns of the Pacific coast states. "The people of Crowell, Texas, and other towns of its kind, are all people of moderate means, in a general sense," said Mr. Bost. "When oranges arrive in such places, if they arrive at all, they sell for 5 cents each, sometimes more. This makes it practically impossible for these people to buy oranges to any extent. As a rule, they never see any oranges at all, as these small towns are not included in the selling idea of the orange marketing systems."

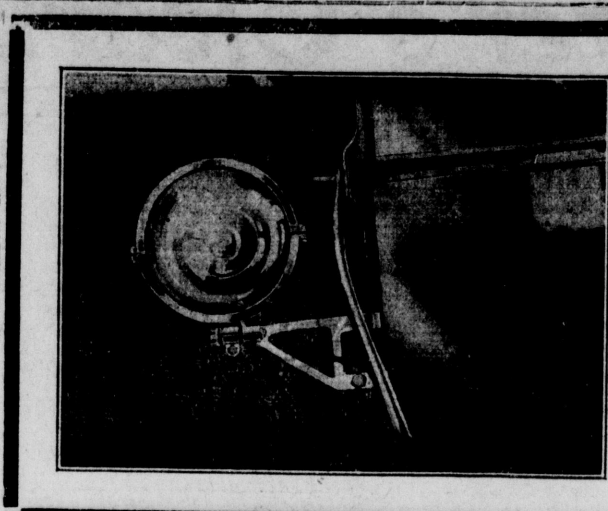

"When I went on to the main street with an old ice wagon filled with Covina oranges, and offered them for \$2 a bushel, or \$1 for a half-bushel, I had \$14 in my pocket before I could measure out anything to my first customer. I could have sold twenty times what I had with me. The oranges I had brought with me were in the condition just as they were picked, some of them dirty. I had picked them with a few leaves attached, and in some cases, in bunches of threes and fours. They looked fresh and good. They were fine oranges. But they weren't fussed up with wrappers, and they hadn't been packed or washed."

Bost says there are plenty of towns in Texas of from 100 to 2000 population like Crowell, that would gladly buy California oranges if the prices were not prohibitive. An orange grower could well afford to load a freight car and send a man with it to these points. One car would not sell in one small town, but with transferring privileges, a car could easily be sold in two or three towns, and according to his figuring would net from \$500 to \$600 profit to the grower, without fuss and expense of packing, icing and the general work of merchandising.

This simple exploit of the Covina employe is causing a good deal of comment here locally. It shows what has long been known or suspected, that the intricate methods of marketing, and that the small towns are being almost entirely overlooked on the Pacific coast, as well as, of course, in the eastern states.

The citizens of Crowell urged Bost to return with a carload of oranges, and he says he is going to do it. In the car with his oranges, Bost had a few palm branches and bunches of palm dates. These created a good deal of interest and were used to decorate the local drug store.

CARD OF THANKS
—We desire to express our thanks and appreciation to the many kind friends and neighbors, and especially the lodge of Odd Fellows, for their kind sympathy in our bereavement; also for the beautiful flowers.

COX THREATENS SCHOOL BOYS WITH JAIL

"This foolishness has got to quit, or some high school boy will be sent to jail," declared Justice Cox this morning when Berkeley Davis was before him on a charge of taking another high school boy's bicycle without permission of the owner. "The next boy brought in here for disturbing bicycles at the high school will be sent to jail. That is plain language, which a high school boy ought to be able to understand."

It seems that several high school boys recently have been enjoying themselves by taking bicycles from the racks at the school. While some were used, a good many were hidden just for the fun of it. One bicycle was put out in the weeds, and never was found. A watch was set on the racks, and Davis happened to be the one who was caught. He pleaded guilty, and Justice Cox suspended sentence.

Pleads Not Guilty
R. Bush of Pasadena with Attorney G. A. Boden was in court today and entered not guilty pleas to two charges, one of speeding and the other passing two vehicles passing each other. He is the man whose automobile knocked a Mexican off his bicycle at Delhi Sunday, and who was arrested as he was speeding to town with the Mexican. His trials were set for April 14.

Traffic Troubles
Fines were paid today as follows: For speeding, \$10 each, by H. N. Martin, David Romo, B. McKenzie, K. L. Oxner, W. H. Shaffer, T. H. Comley, F. O. Herbert, V. Maynard; cutting corner, \$5, by B. S. Bell; no light on auto, \$3, R. C. Best; no light on bicycle, \$1, W. Robertson.

Mexican Cases
Jose Torres, charged with disturbing the peace at Westminster, pleaded not guilty, and will be tried on April 12.

Jose Rios, charged with not paying a board bill, explained that he has to wait for money on a beet thinning contract before he can pay. The matter was continued to April 9.

Lands a Steelhead Trout Measuring 26 Inches in the Lower Ventura River

Testifying amply to Sherman Stevens' skill as a fisherman, by virtue of the fact that the fish were caught with artificial bait, a steelhead trout measuring 26 inches is on exhibition in the windows of Hill & Walker's sporting goods store in the Spurgeon block.

Sherman Stevens and his son, Horace J. Stevens, returned yesterday from a trip to the lower Ventura river. Both men report the fishing to be exceedingly good. In addition to the beautiful specimen on display at Hill & Walker's the two anglers landed a great number of other trout, among them one measuring 24 inches. Stevens uses flies and spoons exclusively, scorning the use of live bait.

The trout will be on exhibition at the Hill & Walker store all day tomorrow.
